OUR PLEDGE

TABLE OF CONTENTS

We make the following promises to all of our valued customers:

- + Stock products will ship within 24 hours guaranteed
- + All of our products are **made in the U.S.A.**
- + Bringing innovative products and solutions with uncompromising quality products, services, and best practices.
- + Our ordering process is quick and easy to meet our customers' needs

We hold ourselves to the following standards:

The Joint Commission National Patient Safety Goals:

Identify patients correctly, improve staff communication, use medicines safely, prevent infection, identify patient safety risks, and prevent mistakes in surgery.

Centers for Medicare & Medicaid Services (CMS):

Stage 2 meaningful use requirements to use assistive technologies with eMAR.

Health Insurance Portability and Accountability Act (HIPAA):

to protect patients' medical records and other health information.

American Health Association (AHA):

to prevent the chance of lost or transferred data.

Five Rights of Patient Safety:

to ensure right patient, medication, dose, time, and method.

Rush Orders

Please contact us regarding rush orders if you need products sooner than our standard lead times.
Our goal is to meet your needs whenever possible.

Custom Imprinting Art Specifications

We have a team of graphic designers on staff, ready to assist you. For quick production and best results, vector artwork (AI, EPS, or PDF) is preferred, and resolution of 300 DPI or better is required. **ALL** fonts should be outlined or packaged with the file. Black and white artwork is preferred for one color imprint. Let us know if you have any questions, we are here to help!

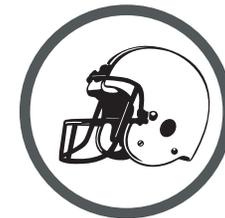

Suggested Artwork Quality Examples

Artwork copied from a web page that is low resolution or watermark is visible

Artwork with screens or gray-scaling

Artwork with clean black and white line art

Returns

We will gladly replace or refund any stock item return (*full packs only*).
Custom orders are not returnable except for reason of defect.
